Jorhat, Assam, India | +91 9954346125 | firdush12@gmail.com | <https://www.linkedin.com/in/md-farhan-rusafi-alam-a71873288>

PROFESSIONAL SUMMARY

M.Sc. Biotechnology graduate with hands-on research experience in microbiology, molecular biology, and computational biology. Completed independent research on endophyte isolation from *Curcuma amada* and gained practical exposure to toxicology, pharmaceutical biotechnology, stem cell research, and molecular docking through certified internships and courses. Proficient in laboratory techniques including microbial culture, DNA/RNA extraction, gel electrophoresis, and bioinformatics tools. Seeking an entry-level position in biotechnology research, quality control, or pharmaceutical development to apply scientific knowledge and grow within a research-driven organization.

EDUCATION

Master of Science (M.Sc.) — Biotechnology

The Assam Kaziranga University, Jorhat, Assam | Oct 2021 – Aug 2023

Bachelor of Science (B.Sc.) — Biochemistry

Jagannath Barooah College, Jorhat, Assam | Aug 2018 – Oct 2021

RESEARCH EXPERIENCE

M.Sc. Dissertation — Isolation of Endophytes from Mango Ginger (*Curcuma amada*)

The Assam Kaziranga University, Jorhat, Assam | June 2023

- Conducted independent analytical research on the isolation and characterization of endophytic microorganisms from *Curcuma amada* (mango ginger) as partial fulfillment of M.Sc. in Biotechnology.
- Performed aseptic laboratory techniques including surface sterilization, tissue culture, microbial isolation, and subculturing on selective media.
- Documented and analyzed morphological characteristics of isolated endophytes for identification and classification.
- Compiled findings into a research dissertation submitted to the Department of Biotechnology, School of Basic Sciences.

INTERNSHIP EXPERIENCE

Toxicology Laboratory Associate (Online Internship)

BioLim Centre for Science & Technology, Chennai | Apr 1–14, 2024 | Grade: A (84.45%)

- Completed a 14-day certified internship covering toxicological assessment methods, hazard evaluation, and laboratory safety protocols.
- Performed online tasks, implementation exercises, and viva assessments; achieved Grade A with distinction.

Pharmaceutical Biotechnologist (Online Internship)

BioLim Centre for Science & Technology, Chennai | Dec 23, 2023 – Jan 12, 2024 | Grade: B (76%)

- Completed a 21-day certified internship focusing on pharmaceutical biotechnology concepts, drug development processes, and biomanufacturing principles.
- Engaged in structured tasks covering formulation, quality control, and regulatory aspects of pharmaceutical biotechnology.

TECHNICAL SKILLS

Laboratory Techniques: Microbial Culture & Isolation, Aseptic Technique, Surface Sterilization, DNA/RNA Extraction, Gel Electrophoresis, PCR, Spectrophotometry, Media Preparation

Computational & Bioinformatics: Molecular Docking, DNA Sequence Analysis, Gene Expression Profiling, Allele Frequency Calculation, Population Genetics Modeling, Python for Bioinformatics

Software & Tools: Microsoft Excel, Power BI, Python, BLAST, NCBI Databases

Core Knowledge: Molecular Biology, Microbiology, Biochemistry, Toxicology, Pharmaceutical Biotechnology, Stem Cell Biology, Immunology, Genetics

CERTIFICATIONS

- Molecular Docking Certification Course — BioGrademy (BioNovura Labs LLP), Jan 2025
- Stem Cell Research Certification Course — BioGrademy (BioNovura Labs LLP), Dec 2024
- Internship on Toxicology Laboratory Associate Role — BioLim Centre for Science & Technology (BCIL Member), Apr 2024
- Internship on Pharmaceutical Biotechnologist Role — BioLim Centre for Science & Technology (BCIL Member), Jan 2024
- Introduction to Python for Genetics
- AI Dashboards Using Microsoft Power BI — Workshop

SOFT SKILLS

Communication | Teamwork | Problem Solving | Self-Directed Learning | Attention to Detail | Analytical Thinking

LANGUAGES

English (Professional) | Hindi (Native) | Assamese (Native)
